EDUCATION

University of Pennsylvania, Philadelphia — BA (Hons)

SEPTEMBER 2010 - MAY 2014

Makers Academy, London — Software Development

FEBRUARY 2016 - MAY 2016

EXPERIENCE

Techstars, Berlin — Software Developer

JUNE 2016 - PRESENT

Developer-in-residence for 10 startups participating in the Techstars 2016 Berlin accelerator programme

Worked directly with CTOs and their development teams to provide a wide range of programming support for products at all stages of the development lifecycle

Built and rebuilt several test-driven client-facing apps in React

Rebuilt the front-end of an internal Symfony app in Angular

Built scrapers to compile data for business development teams to use

FiscalNote, Washington, DC — Product/Business Development

JUNE 2015 - FEB 2016

Built and deployed a prototype of FiscalNote's European product using Rails and AngularJS

Founded BizDevDevs, a weekly meetup between the Business Development and Engineering teams to work on new company products or side projects

Assisted with prospecting and closing several high profile and long term sales contracts

UK Trade & Investment, San Francisco — Business Development Associate

MAY 2014 - JUNE 2015

Consulted for some of the fastest growing software companies in the Bay Area as they looked to enter and grow in the UK market.

Worked with teams across the US and the UK to provide clients with bespoke market intelligence, market entry strategies, connections with UK industry, and access to ministers and officials at all levels of UK government.

Represented UKTI and the British Government at external functions, building the UKTI brand and communicating Government positions to tech companies looking to enter the UK and Europe.
